North Shore Glass

North Shore Glass

Niihau Shell, Rainbow

Price per Unit (piece): \$178.00

Hand blown crystal seashells. The Niihau is a common shell of the islands; however only 1/2" to 2" long. We chose to blow this shell much larger to give you the warmth of the islands in a more desirable size (8" - 12" long). Though shown here in rainbow colors as you may see on any given day in our Hawaiian skies this shell can be made to order in any combination of colors.
